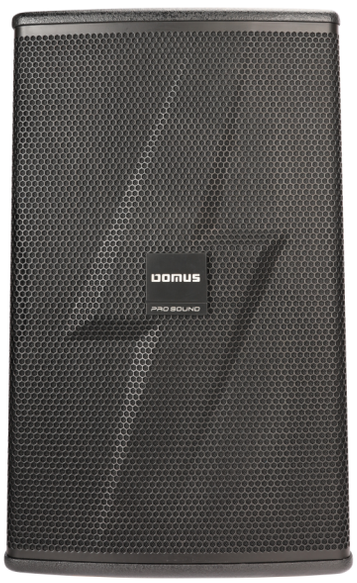
DM-6012

12" Full-Range Speaker

DOMUS LOUD SPEAKER



DOMUS DM-6012 12-inch full-range speaker is a premium solution specially designed for KTV party rooms.

With over 30 years of experience in speaker design, DOMUS DM-6012 12-inch full-range speaker adopts an innovative and durable crossover board with abundant high-quality capacitors, guaranteeing exceptional sound reproduction and providing users with smooth, crystal-clear audio experience.

DOMUS DM-6012 features a distinctive structural innovation that sets it apart from conventional KTV speakers. Its main speaker boasts a back-loaded ventilation design, which optimizes low-frequency power delivery by reducing impact from the back wall. The effort ensures uninterrupted and robust performance.

DOMUS DM-6012 provides multi-purpose mounting points and features a rotatable logo, allowing for both vertical and horizontal installations to cater to different mounting preferences. In addition, DOMUS DM-6012 is pole-mount ready, ensuring easy mounting for shot-out competitions.

KEY MESSAGES

DESIGNED FOR KTV PARTY ROOMS

Power is the key. The main speaker is also equipped with the modified DOMUS DM-6012 low-frequency woofers, ensuring deep and resonant bass output. Back ventilation ensures full power delivery for dancing applications.

HIGH PERFORMANCE AND LUXURY DESIGN

Built with durable European birch plywood, DOMUS DM-6012 eliminates cabinet resonance and improves low-frequency response, guaranteeing reliable performance and delivering exceptional sound reproduction. Its high-gloss grille surface and Obsidian cabinet finish exude a sense of luxury and premium quality.

DURABLE AND RELIABLE

DOMUS DM-6012 full-range speaker undergoes rigorous stimulations tests and evaluation in factory. It incorporates a robust crossover board with fibre material construction, which can withstand the heat produced during high-power playback, thus ensuring consistent performance over prolonged periods of use.

FULL FEATURES

- Transducer: It adopts low-frequency woofers and neodymium voice coil compression driver to provide robust full-range response.
- PSL Lighting Technology. Enable the DOMUS logo to illuminate when vibrant music is playing, enhancing its modern and stylish appeal.
- Its main speaker boasts a back-loaded ventilation design,which optimizes low-frequency power delivery by reducing impact from the back wall.
- Endurable Cross-over Board . Abundant high-quality capacitors in the cross-over board contribute to exceptional sound reporoduction, resulting in clear and precise audio output.
- NI4 Speakon Connectors. Facilitate seamless loop-thru connection of multiple speakers, and achieve system extension with minimal effort.
- Flexible Installation . Multi-purpose mounting points support verticaland horizontal installation to cater to different mounting preferences.
- Rotatable Entertainment logo. Supports both horizontal and vertical installation.
