

DM-6012

12" Full-Range Speaker

DOMUS

LOUD SPEAKER

DOMUS DM-6012 12-inch full-range speaker is a premium solution specially designed for KTV party rooms.

With over 30 years of experience in speaker design, DOMUS DM-6012 12-inch full-range speaker adopts an innovative and durable crossover board with abundant high-quality capacitors, guaranteeing exceptional sound reproduction and providing users with smooth, crystal-clear audio experience.

DOMUS DM-6012 features a distinctive structural innovation that sets it apart from conventional KTV speakers. Its main speaker boasts a back-loaded ventilation design, which optimizes low-frequency power delivery by reducing impact from the back wall. The effort ensures uninterrupted and robust performance.

DOMUS DM-6012 provides multi-purpose mounting points and features a rotatable logo, allowing for both vertical and horizontal installations to cater to different mounting preferences. In addition, DOMUS DM-6012 is pole-mount ready, ensuring easy mounting for shot-out competitions.

KEY MESSAGES

DESIGNED FOR KTV PARTY ROOMS

Power is the key. The main speaker is also equipped with the modified DOMUS DM-6012 low-frequency woofers, ensuring deep and resonant bass output. Back ventilation ensures full power delivery for dancing applications.

HIGH PERFORMANCE AND LUXURY DESIGN

Built with durable European birch plywood, DOMUS DM-6012 eliminates cabinet resonance and improves low-frequency response, guaranteeing reliable performance and delivering exceptional sound reproduction. Its high-gloss grille surface and Obsidian cabinet finish exude a sense of luxury and premium quality.

DURABLE AND RELIABLE

DOMUS DM-6012 full-range speaker undergoes rigorous stimulations tests and evaluation in factory. It incorporates a robust crossover board with fibre material construction, which can withstand the heat produced during high-power playback, thus ensuring consistent performance over prolonged periods of use.

FULL FEATURES

- **Transducer:** It adopts low-frequency woofers and neodymium voice coil compression driver to provide robust full-range response.
- **PSL Lighting Technology.** Enable the DOMUS logo to illuminate when vibrant music is playing, enhancing its modern and stylish appeal.
- Its main speaker boasts a back-loaded ventilation design, which optimizes low-frequency power delivery by reducing impact from the back wall.
- **Endurable Cross-over Board** . Abundant high-quality capacitors in the cross-over board contribute to exceptional sound reproduction, resulting in clear and precise audio output.
- **N14 Speakon Connectors.** Facilitate seamless loop-thru connection of multiple speakers, and achieve system extension with minimal effort.
- **Flexible Installation** . Multi-purpose mounting points support vertical and horizontal installation to cater to different mounting preferences.
- **Rotatable Entertainment logo.** Supports both horizontal and vertical installation.

LOUD SPEAKER

TECHNICAL SPECIFICATIONS

System:

System Type:	12" , 2-way, bass-reflex
Frequency Range (-10 dB):	58 Hz - 20 kHz
Frequency Response (± 3 dB):	80 Hz - 20 kHz
Sensitivity (1w@1m):	98 dB
Nominal Impedance:	8 Ohms
Maximum SPL:	125 dB (131 dB peak)
Power Rating:	
(Continuous/Program/Peak)	400 W/800 W/1600 W
Coverage Pattern:	70° X 60° (H X V)

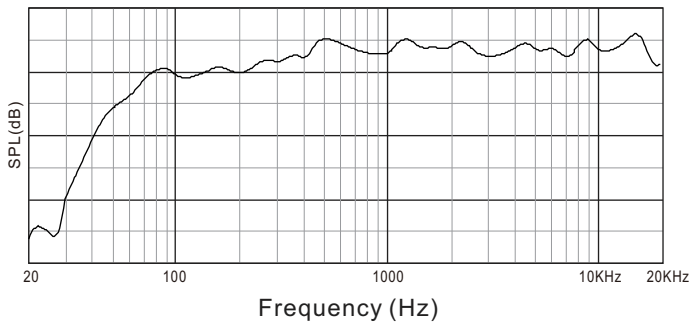

Physical:

Dimensions (H X W X D):	570 mm X 350 mm X 385 mm
	22.5 inch x 13.8 inch x 15.2 inch
Net Weight:	20 Kg
LF Driver:	1X 12" (304.8mm) woofer
	3 inch voice coil, ferrite magnet
HF Driver:	1 x 1.7" (44 mm) TR44026-5
	Compression driver,
	1.7" voice coil, ferrite magnet
Input Connectors:	2 x Speakon NL4MP
Enclosure Construction:	Trapezoid, 15 mm, plywood
